## the hair force

BY REGINA COOPER

### *Reinforcements*

Thinning hair can be a problem for women, as well as men. The first plan of attack is often a volumizing shampoo and conditioner, but when topical solutions fail, hair additions and extensions are a viable option, says Angelo David Pisacreta, creator and owner of the elegant Angelo David Salon (48 E. 43rd St., 2nd fl., 883-6620), where customized and made-to-order extensions are applied in the privacy of a discreet VIP room.
